16. Goods and Services Tax

- 16.1 All Tenderers should be aware that under the New Tax System (Goods and Services Tax) Act 1999 (GST ACT), the NFSA is treated as a taxable enterprise. GST will be applied to all Goods/Services acquired by the successful Tenderer in respect of the performance of the Goods/Services.
- 16.2 Tenderers should take appropriate GST advice in relation to the performance of the Goods/Services and the implications for them of the GST Act, including:
- (a) all contracts that the successful Tenderer enters into in relation to the performance of the Goods/Services must identify the GST exclusive price, the amount of GST and the GST inclusive price; and
 - (b) invoices for Goods/Services provided by the successful Tenderer must comply with the ATO requirements for “Tax Invoice” in order to obtain payment from the Commonwealth.

Note to Tenderers: this is provided for information purposes and does not constitute tax advice. Tenderers must seek their own tax advice in relation to this RFT and GST in general.

17. Ethical Dealing

- 17.1 Tenderers must not:
- (a) engage in misleading or deceptive conduct in relation to their Tender Response, any proposed sub-contracting arrangements, or the RFT process;

- 18.2 A conflict of interest means any matter, circumstance, interest or activity affecting the Tenderer (including the officers, employees, agents and sub-contractors of the Tenderer) which may or may be perceived to impair the ability of the Tenderer to deliver the Goods/Services diligently, ethically and independently.

The NFSA may notify affected Tenderers if it does any of the above but shall not be obliged to provide any reasons for its actions.
- 23.4 In contract negotiations, the NFSA may seek variations to an offer or may seek supplementary offers in respect of any changes to the originally stated requirements.
